

## **Prohibited Association With Former Members Who Have Been Permanently Barred**

Under the IBT Constitution and the Consent Decree, members are prohibited from knowingly associating with members and associates of organized crime and persons who have been permanently expelled or barred from the IBT. Knowing association by a member with any barred person can lead to significant disciplinary consequences, including suspension from membership, suspension from Union office or employment or a permanent bar.

The status of members and former members who have been subject to IRB charges can in most instances be determined by searching the data base, which is included in this website, by clicking [search]. Although the IBT makes every effort to ensure that the information on the website is current and accurate, you should not necessarily assume that a person not listed on that site as “barred” is not actually barred.

In addition, listed below are most of the former IBT members who have been permanently expelled or barred from the IBT by IRB and/or by the IBT. Below the first list is an additional list of those persons who have been as a result of IBT action independent of the IRB. The individuals on both lists are enjoined from having contact with active IBT members or employees of the IBT and/or IBT affiliates. Knowing association with these individuals is prohibited on the same bases as with persons who have been permanently barred by IRB following a full hearing.

The list is not intended to be comprehensive. It does not include members or associates of organized crime who were never IBT members, does not include former members who have only been suspended or who are not otherwise permanently barred, and may not include all former members who have been permanently barred. Members can determine the status of former IBT members by searching this web site, by contacting IRB at 1-800-CALL-IRB or by contacting the IBT’s legal department at (202) 624-6945. Members are also expected to stay current with actions taken by the Union and IRB, which are regularly published in the Teamster magazine.
